[1] The organiser desires for players both beginners and Grandmasters alike to be able to spar against one another, but the organiser also reserves the right to decline the registrations of players without any prior tournament experience so as to ensure an enjoyable Sports Hub Library Championship experience for all.

[2] Only applicable for members of the Scrabble Association, Singapore. The amount awarded to the recipient of the "Most Rating Points Gained" cash prize will be based on the number of rating points gained (1 rating point = 0.3 SGD). Nevertheless, in the organiser's humble opinion, rating points are truly priceless and the gaining of the most rating points is in itself the greatest prize one could hope to get from a Scrabble tournament.
